Flotopia Event, Isla Vista, Santa Barbara County

- Santa Barbara County will be closing Isla Vista Beach on Saturday 04/02/2016 until Sunday 04/03/2016 due to the “Flotopia” event.
- Per the Santa Barbara County and Community Services Department:
 - Following the Floatopia event of 2009, the beaches at Isla Vista were left strewn with trash and debris.
 - This large scale event with thousands of participants had no provision for the health and well being of the public, including no facilities for human sanitation or refuse collection.
 - The County of Santa Barbara, therefore took action to close the Isla Vista beaches for a similar event in 2010, 2011, 2012, 2013, 2014 and 2015.
 - Due to the implementation of beach closures, the party has moved to the streets of Isla Vista causing the name of the event to change to Deltopia.
 - UCSB has scheduled activities throughout the next couple days for students in lieu of participating in the Deltopia event.
 - The closure is to protect public health and safety.

SITUATION SUMMARY

Weather of Concern

Northern California

- An upper level system will bring the potential for mountain showers or thunderstorms Saturday afternoon and then more numerous showers late Sunday and Sunday night primarily north of Mendocino County.
- Building mixed swell 3 to 6 feet early Friday morning and continuing into the weekend for the entire coastline from the Sonoma coast to the Monterey coast.

Southern California

- For the Central coast, elevated surf to area beaches today through Sunday. Surf heights of 4 to 8 feet, with max sets to 10 feet are expected.
- From Oxnard down to San Diego, Surf heights of 3 to 6 feet are expected on most beaches through Sunday evening.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwwa_bc_cal.php

Proclamation

A resolution from El Dorado County has been received for tree mortality and bark beetle infestation. El Dorado County is requesting to be placed on the High Risk Counties list, federal funding for debris clearing activities, and CDAA. The resolution is dated 03/28/16.

Cal EOC Incident – 2014 Drought

SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Medford Weather:

Few changes made to the forecast this morning as the forecast still generally looks on track. The marine push is evident on satellite along the coast this morning. It has pushed inland over most of Coos and Curry counties and will likely make it close to Roseburg by dawn. We've also got some stratus around the Mt Shasta area as boundary layer moisture increases and a little upslope southerly flow lifts it over the terrain. Elsewhere, skies are clear and will remain so through the morning with just some passing high clouds.

Eureka Weather:

An upper level system will bring the potential for mountain showers or thunderstorms this afternoon in Trinity and Northeastern Mendocino counties. More numerous showers are expected Sunday evening and night in primarily Humboldt and Del Norte counties.

Reno Weather:

High pressure will provide dry conditions and above average temperatures this weekend. A weak low pressure system may bring a few showers near the Oregon border and slightly cooler temperatures early next week, followed by dry and warmer conditions through next Thursday. Wetter conditions may return for the end of the week into the start of next weekend.

San Francisco Weather:

Dry and seasonable weather will continue through the weekend. A dry upper trough is forecast to move inland to our North on Sunday night, but this trough will have little impact on our weather. Strong high pressure will then build along the West Coast during the first half of next week and offshore flow will develop by Tuesday. These developments will result in much warmer temperatures by the middle of next week with record highs possible. Cooling is expected late in the week as an upper level low approaches from the southwest. Showers are possible late Thursday into Friday mainly South of San Jose.

Sacramento Weather:

A chance of showers expected over the northern mountains through Monday. Then warm and dry into Thursday with locally breezy conditions. Next chance of precipitation may be Friday.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Hanford Weather:

High pressure will continue over the region through early next week resulting in above normal temperatures. Unsettled weather will return to Central California by the middle of next week.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

High pressure aloft and onshore flow will bring mild weather through early next week with night through morning low clouds and fog for some coastal and possibly some valley areas. Well above normal temperatures are expected for Tuesday and Wednesday as offshore flow develops. A cutoff low approaching from the South will bring cooler weather and a chance of rain for the end of next week.

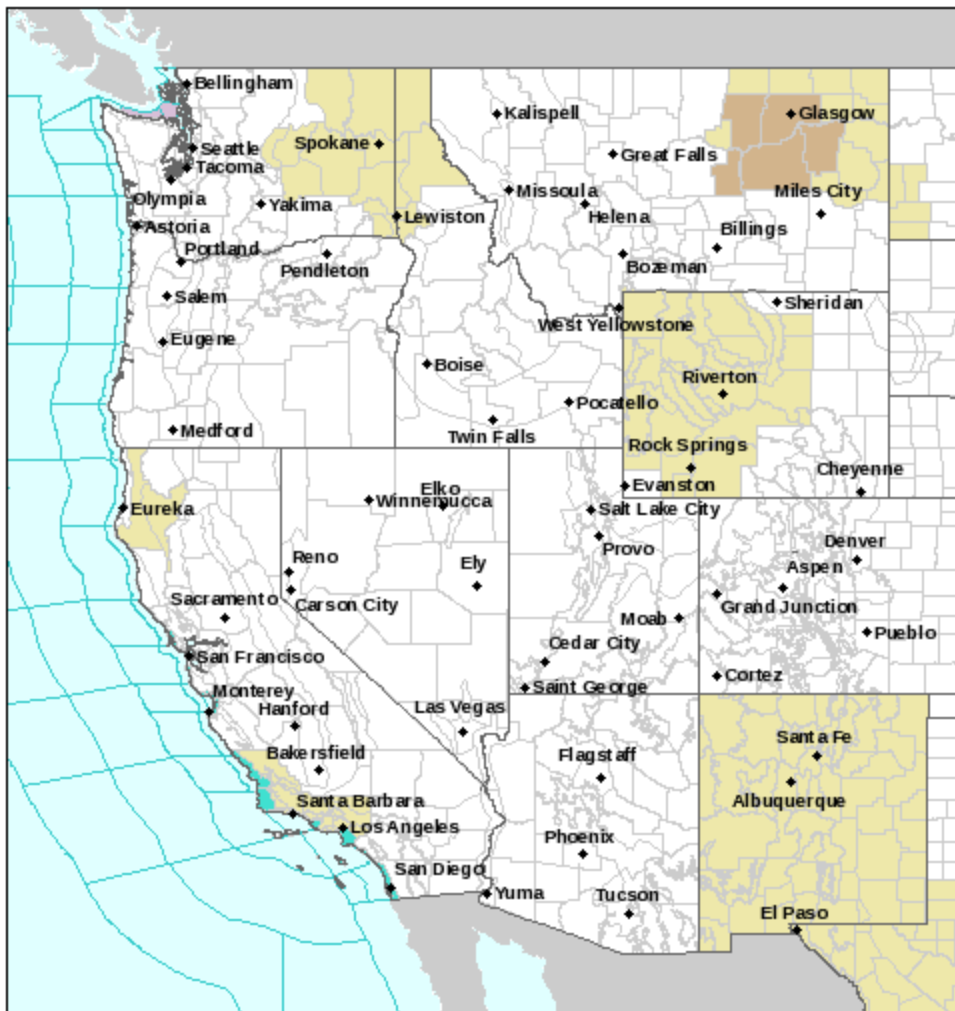

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

High pressure aloft will continue above average inland high temperatures through next Wednesday. The marine layer and weak onshore flow will bring areas of night and morning coastal low clouds and fog becoming patchier on Monday and Tuesday with little or none on Wednesday with weak offshore flow. A low pressure system from the Southwest on Thursday and a second from the West around next weekend will bring cooling more clouds and a chance of showers.

Southeast California Weather:

A marked warming trend will prevail through early next week as temperatures climb well above normal for early April. Most lower elevation communities will see highs well into the 90s by the middle of the week. An unsettled wet weather pattern may finally return to the Southwest by the end of next week.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on the first Wednesday of each month.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 61 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 26 Counties: Butte, Colusa, Calaveras, El Dorado, Fresno, Glenn, Inyo, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 13 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), City of Rancho Cucamonga (San Bernardino County) and City of West Sacramento (Yolo County), City of Willits (Mendocino County), and City of Fort Bragg (Mendocino County).
- 10 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tolowa Dee-ni' Nation (Del Norte), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

California Specialized Training Institute

CSTI Scheduled Training

CSTI on the web

AWR 328 All Hazards Preparedness for Animals in Disasters

The course will introduce participants to the unique issues that must be considered and addressed when animals are involved in an emergency such as safe animal handling, animal evacuation, animal sheltering, humane euthanasia and carcass disposal, inclusion of animal management into existing ICS structures, federal support available during recovery, and unique considerations for conducting jurisdictional assessments and mapping evacuation routes.

Date: April 6, 2016 [Registration Link](#)

MGT 448 All Hazards Planning for Animal, Agricultural, and Food Related Disasters

This course will provide the background information needed to lead a multi-agency team of emergency planners in the development of an ESF annex for food and/or animal related disasters to supplement their community's existing EOP.

Date: April 7, 2016 [Registration Link](#)

Location:

California Fire & Rescue Training Authority
9320 Tech Center Drive
Sacramento, CA 95826

The Rural Domestic Preparedness Consortium, led by The Center for Rural Development, is a DHS funded program providing training and resources to rural first responders. RDPC courses are offered both in-person and online, and are provided at no cost.
